Description

PaperBack / Soft Cover Version

This game has its roots in the work of Ken Whitman, Christopher Clark and many others, originally released in the late 1980s and early 90s.

The game in your hand is a concerted effort by 21st century post apocalyptic role-players to create the finest in 22nd century post apocalyptic gaming. In creating this new game, we kept the rich historical references and unique flavor of the original Mutazoids, while adding layers of complexity and depth by implementing and expanding upon Open Game Content.

We Hope you enjoy the fruits of our labor with many hours of exciting role-playing!

Editor's note: The World of Mutazoids3e is an alternate Earth in a parallel universe. They once shared the same landmasses, life-forms and general histories, but they are not identical in every way.
