An Old Chicago Adventure Series

Birthdays and Tommy Guns

Twin brothers and their twin sisters were farm raised to the northwest of Chicago in the rural area of Brochais. All of them had the Mentalist abilities which made them very famous in their rural area. When Danny and David turned 21 they decided to go to Chicago and make their fortunes. Their twin sisters, the eighteen year old Dorothy and Diane decided to go with them and there wasn't a thing their worried parents could say to convince them this was a foolish idea.

On April 1st, the four of them drove off in a junkyard restored sedan. They talked about Chicago and what they should try there. "Uncle Sammy has a gang controlling State Street and Wabash Avenue," Dorothy said. "Maybe we should go ask him for work."

Lunar Dome Roaring 20's Chicago

History has always taken an interesting view of the Roaring 20's of old Chicago. Mobsters are often painted in light and dark shades of grey. In the Lunar resort dome, you will find gangsters of dubious character in the roles of both good and bad.

You will be playing characters growing up in the Roaring 20's dome. Chicago hosts hundreds of gangs. These gangs control three or four streets and battle other gangs for more territory. Most weapons use rubber bullets to subdue characters. The police and FBI are mostly inhabited by androids there to help humans have fun.
